

Biomaterial Report July 2016 to June 2017
Volume harvested by State forest, product type

NOTE: In some cases harvesting operations will occur across more than one financial reporting year. As volume and area data is derived from two distinct datasets, reconciliation of volume and area data can be imprecise in some situations. This is particularly the case where only small volumes or areas have been recorded for a given financial year.

NORTH COAST - volumes (m3)

State Forest Name	High Quality Products	Low Quality Products	Pulpwood	Other (firewood, fencing timber etc)	Biomass for electricity production	Total
Bagawa	6,068	1,877	-	-	-	7,945
Ballengarra	1,983	1,291	776	378	-	4,428
Barcoongere	2,288	666	-	23	-	2,977
